UPENDRA SINHA, M.D.
1314 CONEY ISLAND AVENUE
BROOKLYN, NY 11230

PATIENT: TAMARA LOSEVA
DOB: 06/06/1985
DOS: 12/28/2021
CHART #: 23948
EXAM: MRI OF THE RIGHT SHOULDER WITHOUT CONTRAST

HISTORY: Shoulder pain greater posteriorly.

TECHNIQUE: Multiplanar MR imaging of the right shoulder was performed without contrast on Hitachi open MRI unit.

Coronal T1, T2 and STIR; Sagittal T2; Axial PD and gradient echo images of the shoulder were obtained.

COMPARISON: None.

Additional sanitizing / safety protocols recommended by the CDC were performed.

FINDINGS: There is prominent enlargement of the supraspinatus and infraspinatus tendons. There is trace fluid at the subacromial/subdeltoid bursa. There is heterogenous increase T2 signal at the midsubstance anteriorly at the supraspinatus tendon seen on image #7 of series #6 and image #12 of series #4. An interstitial tear is noted.

The teres minor tendon is unremarkable. There is slight increased signal is seen at the distal subscapularis tendon. An insertional tendinopathy is noted.

There is a type I acromion. The musculotendinous junction is unremarkable. There is no muscular injury.

There is no fracture. There is no bone bruise. There is no osteochondral defect.

The glenoid is unremarkable. There is no subluxation.

The anterior and posterior labra are intact. The superior labrum and biceps anchor are unremarkable.

CHART #: 23948

EXAM: MRI OF THE RIGHT SHOULDER WITHOUT CONTRAST

PAGE 2

There is no biceps tendon tear or tenosynovitis. The transverse humeral ligament is unremarkable.

There is no hematoma or seroma.

The upper humerus is unremarkable.

There is no AC separation.

Limited visualization of the chest wall is unremarkable.

There is moderate lateral downsloping of the acromion.

IMPRESSION:

1. AN INTERSTITIAL TEAR IS SEEN AT THE MIDSUBSTANCE OF THE SUPRASPINATUS TENDON ANTERIORLY. THERE IS NO MUSCULAR ATROPHY OR RETRACTION.
2. PROMINENT TENDINITIS/BURSITIS CHANGES ARE SEEN AT THE SUPRASPINATUS AND INFRASPINATUS TENDONS.

Thank you for referring this patient to us.
