

## Next Generation Diagnostic Imaging P.C.

# MERSHAD HAGIGI, MD, PHD DIPLOMATE, AMERICAN BOARD OF RADIOLOGY

1664 East 14th Street, Suite LL • Brooklyn, NY 11229 TEL: (718) 336-1865 • FAX: (718) 336-1275

DATE OF STUDY:

8/30/2022

**PATIENT NAME:** 

SKEEN GREGORY

DATE OF BIRTH:

8/16/1985

PATIENT NUMBER:

SR3074

REFERRING PHYSICIAN:

DR.CARLOTTA ROSSE

### MRI OF THE RIGHT SHOULDER WITHOUT CONTRAST

HISTORY: Patient was involved in motor vehicle accident and now complains of pain.

**COMPARISON:** None.

**TECHNIQUE:** MRI of the right shoulder was performed using T1 and T2 weighted sequences in multiple planes.

#### **FINDINGS**:

Subtle hyperintense signals are seen in the terminal portions of supraspinatus and subscapularis tendons on T1 weighted images, suggestive of tendinosis. Other rotator cuff tendons appear unremarkable. There is no evidence of tendon tear.

There is mild lateral downsloping of the acromion.

Mild synovial effusion is seen. Mild fluid is seen in subcoracoid bursae and along the biceps tendon.

Small lesions, appearing hypointense on T1 and hyperintense on T2 weighted images is seen in humeral head. These are likely to represent non-specific cysts / geodes.

The alignment of the shoulder joint is normal. The bones around the shoulder joint reveal normal intensity.

The gleno-humeral joint is normal. There is no evidence of erosion or destruction of articular cartilage. The articular margins are intact.

The glenoid labrum is normal. The acromio-clavicular joint also appears normal.

(Continued on Page Two)

PATIENT NAME:

**SKEEN GREGORY** 

DATE OF BIRTH:

8/16/1985

PATIENT NUMBER:

SR3074

REFERRING PHYSICIAN:

DR.CARLOTTA ROSSE

The muscles and their attachments also appear normal. Major neurovascular bundles are normal

#### **IMPRESSION**:

1. Tendinosis of the supraspinatus and subscapularis tendons.

- 2. Mild lateral downsloping of the acromion.
- 3. Mild synovial effusion.
- 4. Mild fluid in subcoracoid bursae and along the biceps tendon.

Thank you for the courtesy of this referral.
